Cut Way View of Cross Flow Cooling Tower

## Treated Wood Cooling Tower

- Cooltech has 107 models in 8 different classes to meet virtually any design parameter.
- These models have different Air travel, Fill height, Motor capacity, Gearbox ratios to meet demand of service.
- All wood used in these Cooling Towers is Pinewood treated by CCA under full cell process as per IS 401 standard.
- Major components like wood treatment, FRP/SS grid, Fan stack, Cross over pipe, etc. fabricated and processed in our works at MIDC Murbad thereby assuring good quality standards.

# FRP Cooling Tower

- Cooltech has 98 models in 6 different classes to meet virtually any design parameter.
- These models have different size, fill height, moto capacity, gearbox ratios to meet demand of service.
- FRP Cooling Towers are made either in Molded FRP (small capacity), FRP-STEEL combination (Medium capacity) & Pultruded FRP (Medium and Large capacity) as per demand of service.
- Major components like steel sections are Hot dip galvanized, FRP casing, Fan stack, Pipe header, PVC fill, etc. are fabricated / processed in our works at MIDC Murbad thereby assuring good quality standards.

## RCC Cooling Tower

- Cooltech has 92 models in 7 different classes to meet virtually any design parameter.
- These models have different Air travel, Fill height, Motor capacity, Gearbox ratios to meet demand of service.
- Usually, civil work is done by our customer as per design submitted by Cooltech.
- Major components like Wood treatment, FRP/SS grid, Fan stack etc. are fabricated & processed in our works at MIDC Murbad thereby assuring good quality standards.

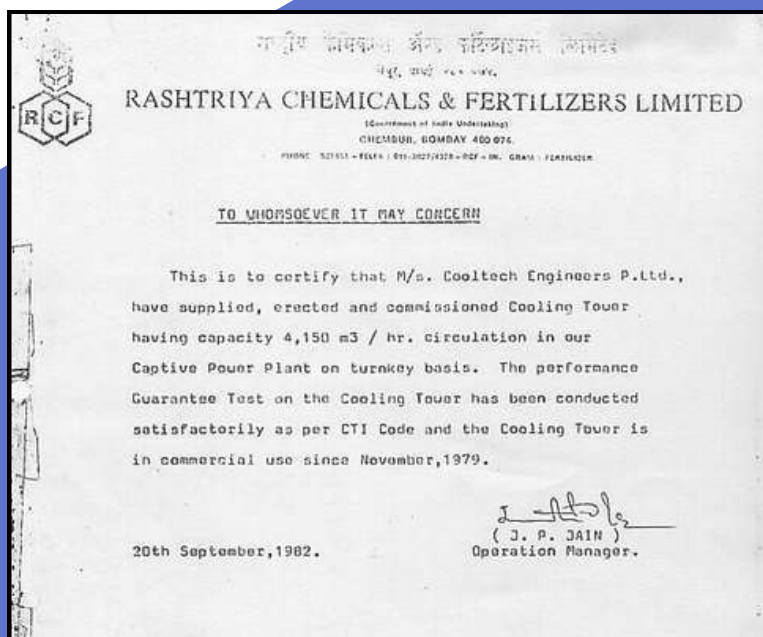

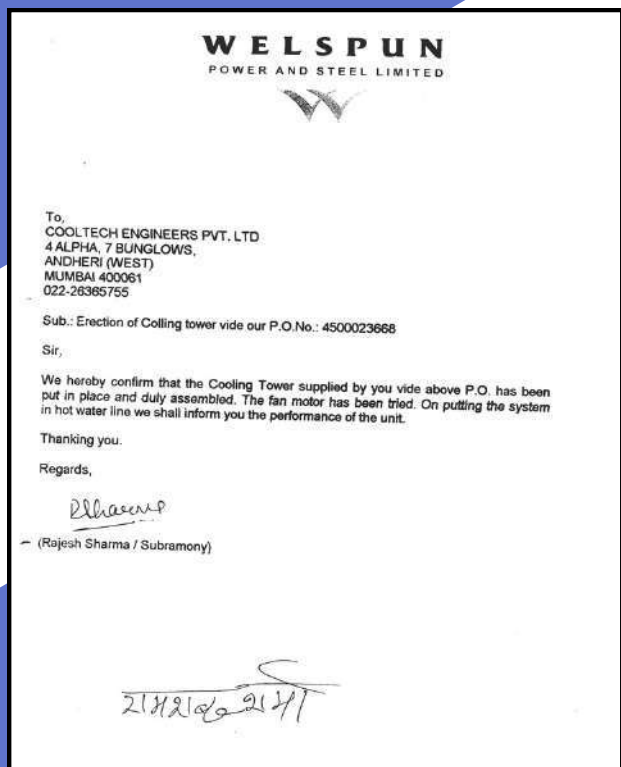

## About Us:

Cooltech Engineers Pvt. Ltd. is an established SME into the field of Cooling Towers since 1975. We have over 4900+ installations to our credit in India and Overseas. Cooling Towers made by us are in: Treated Wood, FRP and RCC.

Few of our customers being, RCF Ltd. (Mumbai), Lloyds Steel (Ghugus), Eurobond (Jammu), Orchid Pharma (Chennai), TS Alloys (Bhubaneshwar), Arya Steel (Barbil), KenGen (Kenya), Dangote Group (Nigeria), Ceypetco (Colombo)....

## Testimonials:

**Cooltech Factory at MIDC Murbad, Thane**
